PRESIDENT BIDEN SIGNS LEGISLATION TO END THREAT OF RAIL STRIKE

December 2, 2022,

Dear Valued Customer,

As widely reported in the media, President Biden signed legislation this morning to end the threat of a U.S. rail strike.

This legislation employs a tentative agreement with freight railroads and unions. This result is an effort to protect the economy and avoid a significant disruption to the supply chain network.

APL Logistics continues to monitor the situation, and we will issue further updates as needed. If you have any questions or concerns, please get in touch with your APLL Representative.
